Fireplace for warmth and atmosphere

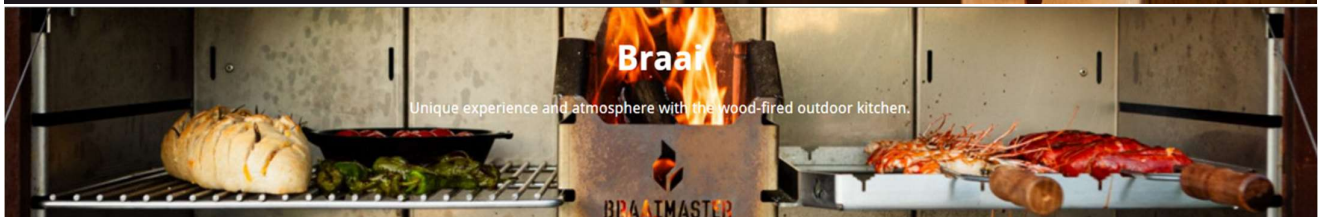

Robust and safe

Durable materials, fully double-walled and very robust design. Safe to use and can be installed under your veranda or canopy. "100% Made in Holland"

MATERIAL VERSION

- + **BLACK:** The Black is made of stainless steel and has a heat-resistant powder coating.
- + **COR-TEN®:** CORTEN is also called weathering steel. An oxide layer forms in such a way that the underlying material is protected. CORTEN steel gives a warm and natural look to outdoor products.

Both variants have a stainless steel interior. This is resistant to high temperatures, hygienic and maintenance-free

Braai

Unique experience and atmosphere with the wood-fired outdoor kitchen.
